NOTICE OF NON-CONSENT

I hereby deny consent for the installation or use of any device that sends or receives information using any form of communications technology at the above property.

Consent for the installation of any device which emits a Radio Frequency Electro-Magnetic Field, or any other form of Radio Frequency or Microwave radiation is expressly denied at the above property. This applies to Wide Area Network (WAN) Local Area Network (LAN) and Home Area Network (HAN) communications.

The sending of detailed information about my power usage by these means is both a health hazard (acknowledged as a possible carcinogen by the World Health Organization), and an unnecessary breach of my privacy.

Any meter upgrade required will need to comply with these requirements. Please make this information available to your smart meter deployment team, and all other parties concerned.

Please contact me if you would like to discuss the matter further:
